VELAMMAL
GLOBAL SCHOOL

An exclusive school offering International Cambridge Programmes (IGCSE) for young minds.

Velammal Global School is committed to provide contemporary education in a serene and nurturing environment. The school aims to develop the inherent qualities in children, so that they grow-up to be proficient in all walks of life, and lead the world towards progress, harmony and prosperity.

Children are born with talent, that needs a strong foundation and a stimulating environment to help them explore the world. Our hope is to help our children blossom into great human beings. Velammal Global School (Formerly Bloomingdale High Global School) set out on this journey in 2014 with the objective of not just imparting, but also designing the learning experiences of children, to better help them reach their full potential.

Learning to enjoy, enjoying to learn.

Velammal Global School (VGS) is a vibrant, new-age, global school. It is indeed the first school in the region to adopt the Cambridge International Primary Programme syllabus to promote innovative, dynamic and inquiry-based learning. It's an institution with state-of-the-art infrastructure, emphasis on value education and extra-curricular activities, so your child is geared for futuristic education.

The exclusive air-conditioned Primary Wing of VGS is purpose-built, safe and highly conducive to learning. Designed in close consultation with leading educational consultants, who have enlightened us with insights into evolved schooling approaches and children's needs in the education system. This new-age digitally advanced campus provides vast community learning zones for collaborative teaching approach and common breakout space needed to effectively implement the experiential programmes.

Built to be a landmark of global education.

Velammal Global School - Primary Wing, is the result of careful deliberations and planning on every aspect, to create a world-class knowledge hub.

Every minute detail has been addressed with due care while designing this new-age knowledge hub. We want to nurture future global citizens who can make the institution proud. The cozy campus has all facilities and amenities to implement internationally-recognized Cambridge Programmes.
